

What is Make Fun Matter™ for Families?

Make Fun Matter is an exciting way to give back to families in your community through RMHC®! Just choose an activity, set up your fundraising page on MakeFunMatter.ca, and invite your friends, families and community to support you.

Together, we can help RMHC® Manitoba families stay together.

Did you know that 70% of Canadians live outside a city with a children's hospital?

That means that families with a sick child often have to travel hundreds of kilometres for treatment. They are faced with financial demands, job insecurity, balancing the needs of other children and in some cases, a healing journey that can take months...or even years.

At Ronald McDonald Houses and Ronald McDonald Family Rooms, we help keep families together while their child is treated at the hospital.

Yet the need continues to grow. In 2015, 2,282 families were turned away due to lack of space.

Last year, through your support, we served over 30,000 families in 440 communities across Canada!
